

Application for approval of using agricultural non-organic ingredient in or on COR processed product

Client name	
Client number	

I would like to ask the approval of GSCI to use the following agricultural non-organic substance(s) in my final COR certified product(s):

A)

Agricultural non-organic substance to be used	
Source(s) where the availability of the above substance in organic form was searched	
Final product(s) in or on which the substance is to be used	

B)

Agricultural non-organic substance to be used	
Source(s) where the availability of the above substance in organic form was searched	
Final product(s) in or on which the substance is to be used	

Attachments to be used if needed.

I declare that this form is filled in truthfully and that I will notify GSCI in due time if any changes occur in the issues described in this form.
